Online Bookstore Update for Winter Quarter 2025

Visit the online bookstore to order your textbooks and course materials.

Follow These Steps

Here's how to purchase and access your required etextbooks and digital courseware.

Step 1: Scan the QR code or go to the bookstore webpage: seattlecentral.edu/bookstore

Step 2: Click the button "Enter the Bookstore." The direct link: seattlecolleges.textbookx.com

Step 3: Click the "Sign In" button and use your MySeattleColleges login credentials.
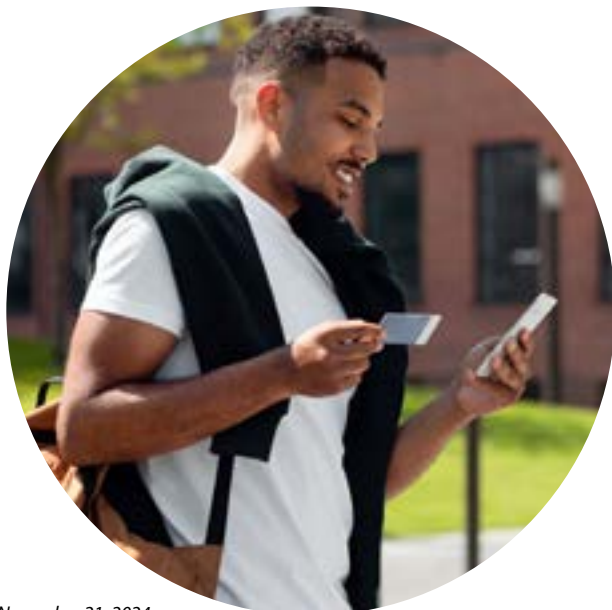

Step 4: You will see a personalized page with a listing of all of your registered courses along with the assigned materials that faculty submitted to the bookstore. Depending on your courses, you may have a variety of textbook formats to choose from, including new and used physical books, eBooks, and/or rentals. If no textbooks are required for a class, a note will appear saying you do not need to order anything. You may always search for books by title, author, and International Standard Book Number (ISBN).

If you can't find the textbooks or course materials on the bookstore website, let your instructor know so they can assist you, discuss options, and find alternatives.

Step 5: After reviewing your options, select the textbooks and materials you want to purchase or rent by adding them to your shopping cart.

Step 6: When you have made your selections, click the shopping cart icon at the top of the page and complete the checkout process. Pay with credit card, Apple Pay, or Paypal.

Voucher Note: Students who receive vouchers for textbooks and materials from specific support programs—like BFET (Basic Food, Employment, & Training), some Employer Vouchers, Opportunity Grant, Veterans Benefits, Running Start, WorkFirst, WorkForce Education, and Worker Retraining—will receive a voucher code via email to use in the new bookstore website. If you have questions, contact your support program staff.

Available In-person Support
Computer Center, Room #3148
Broadway Edison Building
Monday through Thursday, 8 a.m. to 3 p.m.

Or refer to the help tutorials on the bookstore webpage.
